Greetings Conte Families,

We hope you're having a fantastic summer and are feeling refreshed and prepared to kick off the new school year 2025-2026. We are delighted to welcome many new families into our amazing learning community and, along with our returning families, look forward to working together for excellence in education. We welcome your positive energy and value your dedication to growth and achievement for our students.

This year, our theme is **"Learn, Lead, Leap."** We will remain inspired to reach beyond our self-imposed limits, to embrace our potential, and to strive for greatness in everything we do. It encourages us all to foster a culture of innovation, creativity, and resilience. Together, we WILL make this the best school year by ensuring our students are ready to learn every day. When our students succeed, we all succeed!

All parents will receive communication from your child's homeroom teacher between the dates of **August 25th – August 26th**, introducing themselves.
